Contact: Phone: +971545123413

Email: U22100183@sharjah.ac.ae

Education

Bachelor of Science (BS) – Computer Engineering

June 2026

University of Sharjah – UAE, Sharjah

CGPA: 3.6/4.0

Research & Technical Projects

Publications

- "Scaling Laws for Hybrid Quantum Neural Networks: Depth, Width, and Quantum-Centric Diagnostics"
Danil Vyskubov, Kirill Vyskubov, Nouhaila Innan, Muhammad Shafique, 2026 IEEE World Congress on Computational Intelligence (WCCI'26), Maastricht, Netherlands, June 2026

Projects

- "CacheMask: Quantifying Cache Masking Effect on PIM Suitability for Mobile LLM Inference"
Demonstrated how standard cache eviction policies (e.g., LRU) can misclassify LLM inference functions by masking memory-bound characteristics. Developed custom cache eviction logic in Rust to evaluate suitability for PIM offloading
 - "CanQr: Quantum-Accelerated Drug Discovery (2nd Place, NYUAD Hackathon 2025)"
Developed a software framework to simulate chemotherapy drug efficiency using PySCF, VQE, and Qiskit.
 - "Qiskit Fall Fest 2025 Web Infrastructure"
Designed and deployed the official platform for the Qiskit Fall Fest at the University of Sharjah. Managed digital logistics for 100+ attendees and high-profile speakers from IBM, TII, and NYU Abu Dhabi.
-

Professional Experience

Research Assistant

Network Security Research Group | University of Sharjah

Sep 2025 – Jan 2026

- Worked on LLM-powered steganography framework to maximize data embedding density within English text by leveraging grammatical structures to hide encoded bits

AI Intern

SAAST | UAE, Sharjah

May 2025 - July 2025

- Developed an AI Assistant capable of answering institution-specific questions
 - Implemented real-time object detection system with YOLOv11
-

Honors, Awards, Memberships

- 2nd Place Winner, NYUAD Hackathon 2025.
 - Dean's List, University of Sharjah, Spring Semester 2024/2025.
 - 5th Place, Undergraduate Competition, 2nd International Innovation X.O Forum (IFF-2025).
 - Student Member, Institute of Electrical and Electronics Engineers (IEEE).
 - Certifications: QNickel Workshop, QBronze (QWorld/Qiskit), and NVIDIA Anomaly Detection.
-

Languages

Russian (Native), English

Design Tools

Verilog HDL, TutorTMS

Programming

Python, C++
